PRESS RELEASE

The Mall at Cribbs Causeway serves up tasty new line-up

Four restaurants will open in The Avenue, the new-look eating area at The Mall at Cribbs Causeway, over the next few weeks.

YO! Sushi, the authentic Japanese conveyor-belt sushi restaurant and takeaway, will open on Thursday. YO! Sushi is famous for its healthy Japanese-inspired dishes, including fresh sashimi, nigiri, maki and nori hand-wrapped rolls and noodles.

Spud-u-Like, which temporarily closed its restaurant in The Mall last year while the £5 million redevelopment was underway, will also re-open on Thursday.

Patisserie Valerie will open a new café at the end of May, offering delicious hand-made cakes and patisserie, continental breakfasts, lunches and the finest teas and coffees.

KFC, who also closed while building work was carried out, re-opened over the weekend.

The four food operators have all taken space in the newly-completed Phase 1 of The Avenue.

The second phase of work is now almost complete and The Mall hopes to announce the names of three contemporary restaurant operators for the remaining units within the next few weeks.

Jon Edwards, commercial director of The Mall, says the successful lettings at The Avenue confirm the strong appeal of The Mall amongst retailers.

“In spite of the difficult economic climate, we are signing up a fantastic selection of restaurants for The Avenue. This just shows the confidence in which The Mall is held.”

When complete, The Avenue will offer shoppers a choice of 10 fast food and contemporary restaurants. Each restaurant will have its own seating area flanking a central avenue, with natural finishes including slate, glass and high quality timber.

In total, The Mall will have 22 restaurants and cafes, including John Lewis’s The Place to Eat and Espresso Bar, Marks & Spencer’s Café Revive, Food to Go, Espresso Bar and Deli Bar, Nandos, Pizza Hut, McDonalds, Costa Coffee, Starbucks, Soho Coffee, Café Giardino and Coffee Republic.
