Key Autumn/Winter Looks

- If you were a fan of this summer's colour blocking trend, then you're in luck as it's one of the key looks for this autumn/winter. Glamorous jewel tones and strong confident colours; tiel, burgundy, purple, gold, ruby, sapphire and emerald contrast and compliment classic black.
- Sixties chic takes over this season, think Mary Quant, Twiggy and Julie Christy. The look is ladylike; monochrome, graphic prints, tailored silhouettes, bracelet sleeves, polo necks, miniskirts and knee high boots.
- A rich collage of print and pattern returns to our wardrobes. From polka dots to winter florals, checks and tartans to ornate prints, there's plenty of choice!
